MONTESPADA VENETO

ROSSO VERONA - INTENSE

Classification:
Rosso Verona IGT - Intense - 13.5% vol.

Description:
A full-bodied red wine with an intense and brilliant ruby color. On the nose the characteristic aroma of black cherries and ripe forest fruits with a hint of vanilla from the refinement in oak barrels. It is ripe and fruity on the palate, typical of the red grapes of Verona, Corvina Rondinella and Molinara and other important red grapes. Intense round complex, easier to drink.

Features: Vinified in red at a controlled temperature to preserve the most precious aromas and extract the most intense colors of the grapes, a variety often a little lacking in color.
All according to the established Veronese technique, which increases the olfactory sensations of the structure of the Red Wines of Verona.
A further aging for 6 months in the bottle gives further characteristics of complexity to the palate and nose.

Vineyards of origin: Produced in selected hillside locations in the Province of Verona and south of Lake Garda

Harvest: Traditional, manual in small capacity boxes.

Soil: Dark with little clay, mixed texture with rock weathering mixed with small stones with almost neutral PH

Aging / Perfecting: Rosso Verona IGT Intenso comes after fermentation and separation from heavy lees, aged in Large Barrels with Batonage Frequent and soft for a few months to favor the extraction of Varietal perfumes and then at least 6 months in bottle before to be offered for sale.
The strong wine of an impressive structure of its own and a good alcoholic grade lends itself perfectly to aging for some years, improving its complexity without fearing the signs of aging.

Available format:
Bottles of 0.75L
boxes of 6 Bottles
Dark Burgundy 420 grams, vertical.
Standard Natural Cork
